PROSPECTUS

www.sdpiteducation.com

Dear students, parents and all visitors, warm welcome to our organization. Before start, let me introduce myself, this is Sachin Kumar Sahu, Director of the Company since its startup in the year, 2021. On the other hand, this is not the beginning, it's already started since 2010 and this is the tune up of all hard work, dedication and patience. In my view, computer and learning computer are two major things today, am I right? If your answer is a big yes, then what is the exact way to learn such things? So, answer is to choose your good option first, before starting something new, marvelous and outstanding. In the present world computer is attached into our life like a family member and we cannot ignore the same. All are bound to know the use of computer today. Without knowledge of computer we cannot accomplish our tasks because maximum things are related to computers. So, in my opinion choose the best platform which can help you understand what exactly computer is and why we should use the same to maintain our lifestyle in day to day life. I have a dedicated team of faculties who are highly qualified and have rich working experiences with corporate sectors, will share their techniques, ideas, thoughts and experience with students and will assist them to make their dreams come true. I assure, that our students will definitely get benefitted studying with our organization and will achieve their dream objectives. I wish the best to all of our students and surely, I personally, will always be available for my students to assist and help to ease out the way for their successful career and life.

ABOUT US

The keyword "SDPIT" stands for SACHIN DIGITAL PLAZA – INSPIRING TECHNOLOGY. It's a journey which was evolved at Bonaigarh, Dist: Sundargarh, Odisha by the Director Sachin Kumar Sahu in the year 2010. Subsequently, the journey was started and continuing in IT enabled services across Bonai Sub-Division to fulfill various needs of the public in a very short amount, because the Sub-Division was completely a tribal area. After successful completion of two years, a trust came forward and provided their educational services to work with. It's continuing till 2019. Then lock-down due to Corona Virus (Covid-19) initiated nationwide and the journey became stopped. But, actually that is the turning point of incorporating the Company to provide hassle free services to all. The Company incorporated on 15.09.2021 at RoC-Cuttack under Ministry of Corporate Affairs (Govt. of India) having CIN No. U80901OR2021OPC037562. The Company aim, mission and vision are very practical. The main objective of the company is to carry on the business of establishing and operating educational institutes, coaching centers, vocational training, kindergarten, playschools, day-care center, online coaching and to engage in career counseling and personality development services. The Company recognized by Startup India, ISO 9001:2015 standards, MSME and Trade Mark having Registration NOs. DIPP90605, UKAAB/VKNPH2949J, UDYAM-OD-30-0005951 and 5289706 respectively. One of the best educational services provider in India. We are also certified by CVC and NHRC having Certificate No. 8393373588 and 4859488592 accordingly.

AIM, MISSION & VISION

- To provide quality education, to make the students industry oriented and to provide skills to enhance their ability.
- To achieve the target in providing educational services in IT as well as other courses all over India.
- Education is very essential today in everybody's life. However, "computer education" is one of the most significant trend in the market to enhance and continue its amenities in all human kind. Our business model based on franchise through which we can reach deep into the jungle and can evaluate the power of education. We are going to continue our business all over India.
